

FOREVER CLASSIC

Laser transfer paper for white/light textiles and tetile surfaces

SUITABLE ONLY FOR LASER PRINTERS USING FUSER OIL

PRINT SETTINGS	PRESS SETTINGS
Paper Weight · 135gsm	Pressure · High - 5bar (70 PSI)
Image Mode · Mirror/Reverse	Temperature · 200°C (390°F)
Feed Mode · Multi-Purpose Tray (Bypass/Manual Feed)	Time · 10 seconds

APPLICATION

1. Position your textile on your heat press.
2. Position FOREVER Classic onto your textile
3. Press for 10 seconds.
4. Peel off the transfer paper immediately.

ALTERNATE APPLICATION

1. Position your textile on your heat press.
2. Position FOREVER Classic onto your textile
3. Press for 3-5 seconds with low pressure.
4. Peel off the transfer paper immediately.
5. Cover with finishing paper and press with Maximum Pressure for 10 seconds.

Pressing using the alternative application removes the "pressure mark" the paper can leave on the garment.

Do NOT in any event take the textile off the press before the transfer paper has been peeled off.

To improve washability, cover with finishing paper and press again for 3-5 seconds.

WASH & CARE

- ◆ Warm wash up to 60°C
- ◆ After washing, cover the print with baking paper and iron to rejuvenate colours.

These instructions are based on using a professional Adkins swing-around press, adjustments may be required depending on the press you are using.

This transfer paper is not suitable for application using a household iron.

This transfer paper is suitable only for Laser Printers.

Are you experiencing problems with this transfer paper?

Don't panic, it does work.
